EDUCATION

Bachelor's of Computer Application(BCA)-Cyber Security

Uttaranchal University

2023 – 2026 | Dehradun, Uttarakhand

Higher secondary certificate(HSC) -PCM

Angel Academy Sr. Sec. School

2022 – 2023 | Khairthal, Rajasthan

Secondary School Certificate (SSC)

Angel Academy Sr. Sec. School

2020 – 2021 | Khairthal, Rajasthan

PROJECTS

ScanHexa

Cybersecurity Analysis Platform

- A unified cybersecurity toolkit that integrates multiple security tools into a single interface for vulnerability scanning, malware detection, and real-time analysis.

Cybreon

AI-Powered Digital Brain for Smart Automation

- Performs real-time malware analysis, deep forensic investigation, and vulnerability scanning for effective threat detection.

SmartDoc

Developed an all-in-one management tool integrating document editing,

- Features : add/remove/change password, humanize txt, summarize file, translate file, transform file etc.

Sorter Pro

Utility tool for sorting files

- Developed Sorter Pro to sort files according to their extensions, also analyse security of the file.

SKILLS

Penetration testing | Burpsuite | Networking |

Openvas | Bruteforce | Wireshark |

System hacking | Tryhackme | Html, Css, Javascript

STRENGTH

- Communication
- Time Management
- Leadership
